Agenda July 9, 2024 from 14:30 to 18:30 (CET) Hybrid event.

New Game Changers in a Reshaped World Order, and the EU agenda 2024-2029.
--

A Hybrid Think tank meeting hosted by/from the European Economic and Social Committee and the Committee of Regions (Room VMA21 - VMA building: Rue Van Maerlant/Van Maerlantstraat 2, 1040 Brussels) and facilitated by the European Movement-Italy and The-EPE.

Europe, the EU institutions as well as all the financial, economic, and social actors need to design new forms of *collaborative leadership* and make use of '*game changers*' in a global '*reshaped world order*' and an EU which the 'European illiberal' wish to transform from inside.

Whatever your role - in EU or Member States Institutions, Cities, Business, Farms, Civil Society - whatever your priorities, from a geo-political or competitiveness perspective, as to prepare a new big EU enlargement, to reach the SDGs and other targets in time, to make successful business in line with CSDDD, to secure risk mitigation in the public interest, to address the impact of AI, **we are all facing a 'reshaped world order'.**

We would all gain from adding 'new and transformative game changers' to improve the European 'systems leadership' so that we are gaining in terms of responsibility, accountability, empowerment, and performance.

Systems leaders aim to catalyze, enable, and orchestrate systems-level change by mobilizing large networks of diverse actors to work together in new ways to achieve shared goals¹.
